When you have something to say, call on BannerMania! Because there's never been a banner maker like it!

BannerMania lets you produce spectacular designs — with styles and effects that are available nowhere else. Stretch type. Distort shapes. Then watch your message print out with perfectly formed characters — and without “jaggies!”

Menus make it easy to add special effects to your design.

Just look at these samples. They're only a few of the thousands of special effects you can achieve . . . automatically and instantly!

You can also produce traffic-stopping bumper stickers. Sensational signs. And posters with pizzazz. Do it all with BannerMania. And make any day a banner day!

- ◆ 20 special effects* - shadows, perspective, 3-D and more.
- ◆ 27 eye-catching shapes - arch, convex, ribbon, pennant and more.
- ◆ 19 sensational fonts (each with 28 additional characters) such as hearts, arrows and flags!).
- ◆ 40 ready-to-use designs* for birthdays, holidays and more.
- ◆ Over 800,000 mix-and-match combinations to choose from.
- ◆ 68 colors on color printers, plus 134 suggested combinations.
- ◆ 13 shades and 4 patterns on monochrome printers.
- ◆ Smooth high-quality output on a wide variety of printers.
- ◆ Easy resizing for making bumper stickers and signs.
- ◆ Preview at any time for error-free printouts.
- ◆ Ideal for business, school and home.
